DEPARTMENT OF PUBLIC WORKS

NOTICE TO CONTRACTORS

CRANBROOK ELECTORAL DISTRICT

Bridge Project No. 117—Moyie River Bridges Nos. 12 and 13, Southern Trans-Provincial Highway

SEALED TENDERS, marked “ Tender for Moyic River Bridges Nos. 12 and 13,” will be received by the Minister of Public Works, Douglas Building, 617 Government Street, Victoria, B.C., up to 12 o'clock noon (Pacific Standard time) on Wednesday, the 1st day of October, 1952, and opened in public at that time and date.

Plans, specifications, and conditions of tender may be obtained from the Public Works Office, 635 Burrard Street, Vancouver 1, B.C.; the Public Works Office, Court-house, New Westminster, B.C.; or from the undersigned, on deposit of a sum of ten dollars (\$10), which will be refunded on their return in good condition within a period of one month of the receipt of tenders, except in the case of the successful tenderer where the plan deposit is not refundable.

Each tender must be accompanied by an accepted cheque on a chartered Canadian bank for the sum of ten thousand dollars (\$10,000). This deposit shall be forfeited if the tenderer declines to enter into contract or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them when the contract has been awarded.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

Tenderers must submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal that is immediately available for the carrying-out of the work within the time-limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date. No tender will be considered that does not contain this information.

No tender will be accepted or considered that contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

N. M. McCALLUM,
Chief Engineer.

LEGISLATIVE ASSEMBLY

PRIVATE BILLS

EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a) A printed copy of such Bill;
- (b) A copy of the petition to be presented to the House;

(c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5th, 1949.

E. K. DEBECK,
Clerk, Legislative Assembly.

DEPARTMENT OF MUNICIPAL AFFAIRS**"TOWN PLANNING ACT"**

PURSUANT to the provisions of section 61 of the "Town Planning Act," being chapter 339 of the "Revised Statutes of British Columbia, 1948," as amended, His Honour the Lieutenant-Governor has been pleased to make the following regulations:—

VERNON REGULATED AREA REGULATIONS

1. The regulations approved under date of June 28th, 1947, and amendments thereto, and applying to the Vernon Regulated Area defined as follows, are repealed: Commencing at the south-west corner of Township 13, Osoyoos Division of Yale Land District, being a point on the easterly shore of Okanagan Lake; thence easterly along the southerly boundaries of Townships 13 and 9 to the westerly shore of Long Lake; thence northerly along said shore to the westerly boundary of the District Municipality of Coldstream as defined by notice in The British Columbia Gazette under date of November 24th, 1938; thence northerly and easterly along the boundaries of said municipality to the westerly boundary of Township 6; thence northerly along the westerly boundaries of Townships 6 and 5 to the southerly boundary of the District Municipality of Spallumcheen as defined by notice in The British Columbia Gazette under date of July 21st, 1892; thence westerly along said boundary to the easterly boundary of Okanagan Indian Reserve No. 1; thence southerly and westerly along the easterly and southerly boundaries of said Indian reserve to the shore of Okanagan Lake; thence in a southerly direction along said shore to the point of commencement, save and excepting all that area contained within the boundaries of the City of Vernon as defined by notice in The British Columbia Gazette under date of January 12th, 1893—all the townships herein above mentioned being in Osoyoos Division of Yale Land District. The following regulations are substituted therefor:—

2. The area defined in Regulation 1 is hereinafter called "the area" and shall be known as the "Vernon Regulated Area."

3. The Lieutenant-Governor in Council may appoint an Inspector for the area pursuant to the provisions of the "Civil Service Act."

4. The provisions of these regulations shall be enforced by the Inspector.

5. Nothing in these regulations shall require the removal, alteration, or abandonment of, nor prevent continuance of, the use or occupancy of a building existing on June 28th, 1947, unless in the opinion of the Inspector the building or its use constitutes a hazard to the safety and welfare of the public, or to the owners of adjacent property, or in the opinion of the Medical Health Officer the building or its use constitutes a menace to public health.

Subdivisions

6. The approving officer, as defined in the "Land Registry Act," shall not approve of a plan of subdivision that does not conform to the requirements of Regulations 7 and 8 hereof without the written consent of the Inspector, except where provision for the relaxation of said regulations is made herein.

7. No land shall be subdivided into lots or parcels for building purposes unless:—

(a) A method of sewage-disposal satisfactory to the Medical Health Officer is possible for each lot:

- (b) Each lot in an Urban class district is at least seven thousand five hundred square feet in area and, in addition, is at least sixty feet in width and at least one hundred feet in depth, or in a Commercial or Industrial class district is at least thirty-three feet in width and at least one hundred feet in depth. Where the area which it is proposed to subdivide is of such a shape, or the design of an adjoining subdivision is such, that in his opinion a variation from such measurements is justified, the approving officer may approve a plan showing such variation:
 - (c) Each lot or parcel resulting from the subdivision abuts on a public highway along one full side of said lot:
 - (d) The approving officer is satisfied that the subdivision design is suited to the configuration of the land in and about the area which it is proposed to subdivide and to the road plan of adjoining subdivisions:
 - (e) All road allowances in the subdivision that, in the opinion of the approving officer, form a part or extension of the major road system are planned to permit a finished grade not exceeding seven per cent, and all other road allowances in the subdivision are planned to permit a finished grade not exceeding twelve per cent:
 - (f) All road allowances in the subdivision that, in the opinion of the approving officer, form a part or extension of the major road system are at least eighty feet in width, and all other road allowances are at least fifty feet in width. Such minimum widths shall be increased where so required by the approving officer. Where a proposed subdivision abuts on a major traffic road, half of the difference between the existing width and the required width as detailed by the District Engineer, such required width being not less than eight feet, shall be provided by land taken from the subdivision:
 - (g) All road allowances are rough-graded to provide a usable road grade eighteen feet wide along the centre lines of said road allowance to the satisfaction of the approving officer:
 - (h) All structures of any kind, including fences, are removed from the road allowances:
 - (i) The land is not swamp land and is not subject to intermittent or periodic flooding other than irrigation flooding.
8. The subdivision of land in Rural class districts into parcels of less than two acres shall not be approved except on the recommendation in writing of the Board of Appeal.

Buildings

9. No person shall commence the erection of, or an alteration or addition to, or a repair affecting the structural stability of a building or structure, or the installation of plumbing in any building or structure in the area without first obtaining a permit in respect thereof from the Inspector.
10. No person shall move a building or structure, other than small accessory buildings or structures within a Rural class district, within or to any part of the area without first obtaining a permit in respect thereof from the Inspector.
11. (1) Before considering an application for a permit, the Inspector shall require the applicant to furnish evidence of compliance with Regulation 7 (g) hereof, in addition to such plans, specifications, and other information as he thinks proper.
- (2) The application for a permit, together with such plans and other information as the Inspector requires, shall be examined by him, and if it appears to him that such plans and other information are in conformity with the requirements of these regulations and all other laws applicable thereto, the Inspector shall issue the building permit upon receipt of the required permit fee, and not otherwise, except as provided in Regulation 37 hereof.
12. Except as provided in Regulation 37 hereof, the Inspector shall not issue a permit for any

building unless it complies with the requirements of the following clauses:—

- (a) Any building intended for human or animal habitation, or as a place where people may congregate, such as a community hall, dance-hall, or similar use, or as a food-catering establishment, shall have provision made for sewage-disposal satisfactory to the Medical Health Officer, and the water-supply shall be satisfactory to the Medical Health Officer:
 - (b) There shall be at least seven thousand five hundred square feet of area and at least sixty feet of frontage in a registered parcel of land for any and every residence erected thereon, except where subdivision into parcels of less area or width has been made and registered prior to June 28th, 1947; and where two dwellings or more are erected on a parcel of land exceeding fifteen thousand square feet in area, they shall be located as if each were on a separate lot created by resubdivision of said parcel in conformity with the requirements of these regulations:
 - (c) Structural details shall comply with the National Building Code of the National Research Council of Canada, except as otherwise required herein; plumbing installations shall comply with Sections K.1.1. to K.6.4.2., inclusive, of Appendix K of said National Building Code; and sewage-disposal systems and septic tanks shall comply with the requirements of Schedule A hereof:
 - (d) Any building intended for human habitation as a single-family dwelling shall have a floor area of not less than five hundred square feet; any building intended for human habitation as a two-family dwelling shall have a floor area of not less than eight hundred square feet; living-quarters above stores or in multiple dwellings shall have a floor area of not less than four hundred square feet per housekeeping unit:
 - (e) The window area in any room intended or used for human habitation shall be at least one-tenth the floor area:
 - (f) Where adequate sewage-disposal and sufficient water facilities are available, every building used or intended to be used for human habitation shall be provided with at least one sink and one toilet and one bathtub or shower properly connected to the approved sewage-disposal system.
 - (g) Where land is occupied or is to be occupied by more than three dwellings per acre or by more than three families per acre, if a sufficient water-supply is available, flush-toilets draining into septic tanks or otherwise satisfactory to the Medical Health Officer shall be provided:
 - (h) Where privies are permitted, they shall conform to the requirements of section 16 (f) of the Regulations for the Sanitary Control of Industrial Camps:
 - (i) No open-joint tiling in a sewage-disposal field and no building, other than accessory buildings which the Medical Health Officer considers not likely to cause pollution of water, shall be erected within a less distance than fifty feet from the normal high-water line of the Okanagan Lake, Swan Lake, or Kalamalka Lake, nor from any stream draining into such lakes; provided that the prohibition in case of any said stream may be waived at the discretion of the Medical Health Officer:
 - (j) All buildings other than small accessory buildings, such as private garages or hen-houses, shall be supported on walls of masonry or reinforced concrete, conforming to the provisions of clauses (b) and (c) of Article 3.7.7.2. of the National Building Code.
13. (1) Pickers' temporary dwellings and accessory buildings conforming with the Regulations for the Sanitary Control of Industrial Camps shall be exempted from the requirements of Regulation 12 hereof.

(2) Tourist camps conforming with the regulations made under the "Tourist Accommodation Regulation Act" shall be exempted from the requirements of Regulation 12 hereof.

(3) Tourist camps shall be located only on sites approved by the Board of Appeal.

(4) Tourist camps shall not be occupied by other than transient guests or bona fide tourists without the consent of the Board of Appeal.

(5) Any installation, erection, or use of electrical equipment shall be subject to the regulations of the "Electrical Energy Inspection Act."

(6) All structures shall conform with the provisions of the "Fire Marshal Act," and with any regulations pursuant thereto.

(7) No building shall be used for a purpose other than that for which a permit was issued, except with the written permission of the Inspector.

14. (1) The Inspector may withhold a permit for, or order the removal of, any structure, the existence of which is in his opinion contrary to public interest. The Inspector in his order for removal shall name a time by which such structure shall be removed, and give the reasons for requiring such removal.

(2) The Inspector shall not issue a permit for any work on a building constructed or to be constructed on or moved to a parcel of land smaller than is required by the provisions of these regulations unless said parcel was on record before June 28th, 1947, or is a part of a subdivision plan regularly approved by the approving officer.

15. If a permittee has not commenced to exercise his rights under the permit within six months from date of issue, the permit shall expire.

16. Where a person obtains a permit, he shall carry out the construction in accordance with the terms on which the permit is based, and not otherwise.

17. The Inspector shall have power to enter upon and inspect every building in course of construction in the area.

18. If any person is erecting a building without a permit, or that is not in accordance with the plans and specifications on which the permit is based, the Inspector may:—

- (a) Order that person to cease building; or
- (b) Order that person to conform to the plans and specifications; or
- (c) Order that person to remove the building within a time-limit to be stated in the order.

19. Where the Inspector finds a building or structure to be:—

- (a) In a dangerous condition, he may instruct the owner to make such repairs or reconstruction as he considers necessary to put said building into a safe condition. If, in the opinion of the Building Inspector, the existing building cannot be satisfactorily repaired, or if the owner refuses or neglects to carry out the repairs or reconstruction ordered by the Inspector, the Inspector may order the building demolished by a date specified in the order;
- (b) Not in conformity with the requirements specified in section 12 hereof for new buildings, he may, subject to the approval of the Board of Appeal, order the owner to make such alterations or additions or do anything that may be necessary to bring said building into conformity with these regulations by a date to be specified in the order.

20. Every person to whom an order is directed pursuant to these regulations shall obey the order.

Zoning

21. The area is divided into districts of the following classes:—

- (a) "Rural," shown uncoloured within the boundaries of the area bordered red on a plan bearing the words "This is the plan referred to in Regulation 20, clause (a), of the regulations applying to the Vernon Regulated Area," and signed by the Minister of Municipal Affairs, and deposited in the Department of Municipal Affairs and also in the office of the Government Agent at Vernon:

- (b) "Urban," coloured yellow on said plan;
- (c) "Commercial," coloured purple on said plan;
- (d) "Industrial," coloured grey on said plan.

22. In a Rural class district:—

(1) No person shall use land for purposes other than:—

- (a) Agricultural uses, which shall include horticultural and associated uses;
- (b) Residence uses as permitted in Regulation 23 hereof;
- (c) Small industries for the primary utilization of natural products;
- (d) Other uses deemed by the Board of Appeal to be rural in nature, but not retail stores and similar commercial uses, or factories.

(2) Subdivision plans showing lots of less than two acres shall not be approved without the consent of the Board of Appeal.

23. In an Urban class district:—

(1) No person shall use land for uses other than:—

- (a) Residences, churches, schools, community halls, non-commercial greenhouses, and other uses deemed by the Board of Appeal to come within the meaning of "customary residential uses";
- (b) Uses permitted in section 22, subsection (1), clauses (a) and (d), other than the keeping of animals or fowl for breeding or commercial purposes; provided that where a rural use creates or is likely to create a public nuisance, the Medical Health Officer may order its discontinuance;
- (c) Accessory buildings located in a rear yard and uses customarily incident to the above uses; provided that a building to shelter domestic animals must be situated not less than one hundred feet from any well, spring, or creek, and as far from a dwelling on the same lot and the nearest dwelling on any adjacent lot as the shape and size of the lot on which it is situated permits.

(2) The keeping of animals or fowl for breeding or commercial purposes where such use existed on June 28th, 1947, may be continued as a non-conforming use and shall be subject to Regulation 29 hereof, but no similar use shall be established hereafter; provided, however, that this shall not apply to the keeping of pets, unless the Board of Appeal otherwise decides.

(3) No person shall erect or place a building on a site unless there is compliance with the following conditions:—

- (a) The height of a building shall not exceed thirty-five feet or two and a half stories;
- (b) No building-site shall be occupied by buildings to more than thirty-three per cent of its area;
- (c) A building to be used for human habitation shall have a floor area of at least five hundred square feet;
- (d) A rear yard shall be provided of not less than twenty-five per cent of the lot-depth, and it shall in no case be less than twenty-five feet in depth;
- (e) Two side yards shall be provided, each of which shall be not less in width than ten per cent of the width of the site, or five feet, whichever is greater; provided that no side yard need exceed ten feet in width; and further provided that where a building is not served by a side or rear lane, one side yard shall be at least ten feet in width and unobstructed and open to the sky;
- (f) On a corner lot at the rear of which are lots fronting on the flanking street, the yard paralleling and adjacent to the flanking street shall be not less than twenty-five feet wide and shall extend the full depth of the lot, unless otherwise permitted by the Board of Appeal with the consent of the Minister of Public Works, in which case it shall be not less than twelve and a half feet wide.
- (g) A front yard shall be provided not less than twenty-five feet in depth.

24. In a Commercial class district:—

(1) Land may be used for the purposes permitted in Rural and Urban class districts, and which conform to the height, yard, and area requirements of Regulation 23, or for retail stores and similar commercial uses, offices, and service-stations, but not for industrial establishments employing more than six permanent employees, or fruit processing or packing or similar plants, or other uses not deemed by the Board of Appeal to come within the meaning of the term "commercial uses."

(2) Where a building hereafter is erected or converted for retail or other commercial or business purposes where there is no public lane giving access to the rear of the building, provision shall be made for such access by means of a yard so that loading and unloading operations shall be conducted off the public highway.

(3) The height of any building hereafter erected shall be not more than thirty-five feet.

(4) For the purpose of Regulation 26 hereof, in the case of a building to be erected on a corner lot, other than one permitted in Regulations 22 and 23 hereof, each wall facing a street shall be deemed a main front wall.

25. In an Industrial class district, any lawful use is permitted; provided, however, that any buildings used for human habitation shall conform to Regulations 12 and 23 hereof; and further provided that no building and no land shall be used for any business or industry which is obnoxious by reason of the emission of smoke, gas, fumes, noise, or odour without the consent of the Local Board of Health as prescribed in the "Health Act."

26. (1) No person shall erect a building on a lot so that any main front wall, other than projecting steps, will be nearer to the street in front than twenty-five feet, unless otherwise permitted by the Board of Appeal with the consent of the Minister of Public Works.

(2) Side yards shall be unoccupied and unobstructed by buildings.

27. The height limitations contained herein shall not apply to windmills, silos, grain-elevators, and similar structures, nor shall they apply to chimneys, towers, and spires, occupying less than seven per cent of the site area.

28. (1) Notwithstanding the provisions of Regulations 22, 23, 24, and 25 hereof, a tourist camp may be established in any district subject to the approval of the Board of Appeal, but no part shall be used as a permanent residence unless it complies with the height, yard, and area requirements of Regulation 23 hereof.

(2) The Board of Appeal may permit the erection of an outdoor theatre in any district except residential; provided, however, that the said Board may impose such requirements as it thinks fit as a condition of such permission.

(3) No soil or gravel shall be removed from, or industrial waste or garbage deposited on, any lands in the area without the consent of the Board of Appeal, which may state the terms and conditions on which the consent is granted.

29. (1) Any use of land or buildings contrary to the provisions of Regulations 22 to 28, inclusive, but which existed prior to June 28th, 1947, may be continued, unless in the opinion of the Medical Health Officer and the Inspector such continuance is prejudicial to public health or interest.

(2) No non-conforming use which has been discontinued for thirty days shall be renewed.

(3) The lawful use of a building existing on June 28th, 1947, although such use does not conform to the provisions of Regulations 22 to 28, inclusive, may be extended throughout the building, but no structural alterations shall be made, nor shall the non-conforming use be carried beyond the limits of the existing building.

Removal of Buildings

30. If the Inspector is notified by the Medical Health Officer having jurisdiction in the area that any building is dangerous to health, the Inspector shall so notify the owner of the land, and may either:—

- (a) Require the owner to put the building in a safe condition within the period of time limited in the order; or
- (b) Require the owner or occupant of the building to vacate it within thirty days from the date of the order, and he may also order the owner to demolish the building within a time limited in the order.

Appeal

31. (1) Except in the case of subdivision requirements in respect of which provision for appeal is made in the "Land Registry Act," any person who considers that any decision of the Inspector made pursuant to these regulations will cause him undue hardship shall have a right of appeal by way of a hearing before the Board of Appeal.

(2) Any person exercising the right of appeal shall file with the secretary of the Board of Appeal, within ten days of the giving of any decision under the foregoing regulations, a written notice of appeal therefrom, which shall state clearly the grounds upon which the appeal is made. The appellant shall therein give an address to which all notices may be mailed.

(3) The secretary shall notify the chairman of the Board of Appeal of the notice of appeal, and the chairman shall set a date for the hearing of the appeal, which shall be within seven days of the filing of the notice thereof. Two days' notice of the hearing shall be mailed by the secretary, by registered mail, to the appellant at the address given in the notice of appeal. Other persons may be notified of the hearing as directed by the Chairman. Where the appeal is for permission to establish a tourist camp as provided in section 28 hereof, the chairman shall designate the owners of land adjacent to the land referred to in the appeal whom he deems might be affected by the establishment of a tourist camp and the secretary shall notify such persons of the hearing.

32. (1) The Board of Appeal shall consist of the Government Agent at Vernon, who shall be chairman, and the following members, who shall hold office for two years only, unless reappointed: A member appointed by the City Council of Vernon and three members who shall be persons who are either resident registered owners of land in the area or holders thereof by agreement to purchase under the "Veterans' Land Act, 1942."

(2) If a member of the Board dies, resigns, or is removed from office, the Minister of Municipal Affairs shall appoint a member to serve for the unexpired portion of the term of the former member, and until such appointment the remaining members shall constitute the Board.

(3) Three members shall constitute a quorum.

33. The Board of Appeal may hear witnesses and take any other steps it may consider necessary to ensure a proper consideration.

34. The chairman of the Board of Appeal shall have authority to administer oaths to the witnesses on the appeal.

35. In disposing of appeals, the Board of Appeal may make such relaxations of these regulations, or of any order issued pursuant to these regulations, as the Board of Appeal considers necessary to ensure substantial justice, except that a change of classification of any district or part thereof may be made only by the Minister of Municipal Affairs on the recommendation of the Board of Appeal.

36. The decision in writing of a majority of the members of the Board of Appeal attending a regularly called meeting shall be the decision of the Board, and the Board shall not be required to re-adjudicate the same appeal on the same set of facts.

37. Where the decision of the Board of Appeal relaxes any of the regulations herein, it shall be competent for the Inspector to issue a permit or an order conforming to said decision.

38. The Inspector shall act as secretary to the Board of Appeal, and shall keep a record of proceedings of all meetings of said Board. He shall forward a copy of the decision of the Board in respect to any appeal to the appellant concerned.

Penalty

39. Any person failing to carry out any provisions of an order issued pursuant to these regulations shall be guilty of an offence, and shall be liable, on summary conviction, to a penalty not exceeding one hundred dollars for each ten days such violation continues.

SCHEDULE A

1. *General.*—Whenever a street or common sewer is not available, any sanitary house sewer shall be connected to a private sewage-disposal system. Such system shall consist of a septic tank with a tile disposal-field or other approved means of disposal.

2. *Location.*—Any septic or other sewage-disposal tank shall be located outside and be separated from any wall of a dwelling-house. Any disposal field or area shall be located as far as practicable from any dwelling, and in no case shall disposal-tiles be nearer at any point than ten feet to any dwelling. No sewage-disposal system shall be so located that it is liable to contaminate any existing domestic water-supply, nor shall it be located under any roadway or traffic-way.

3. *Materials.*—The walls and floors of any septic tank or other sewage-disposal tank shall be of substantial water-tight construction.

4. *Capacity.*—No septic tank or other sewage-disposal tank shall have a capacity, below the invert of the outlet-pipe, of less than four hundred gallons, and shall be constructed according to plans and specifications to be seen in or obtained from the office of the Inspector, or shall be constructed according to other specifications submitted to and approved by the Inspector.

Adequate provision shall be made for any condition that may result in a flow of sewage greater than four hundred gallons per day in any dwelling or fifteen gallons per person per day in any school or similar establishment. When computations or assumptions are made as to the expected flow of sewage, the septic tank shall be sufficiently large to allow a detention period of twenty-four hours, and shall contain in addition a reasonable space for sludge storage.

5. *Design.*—The digestion or treatment and dosing chambers of any septic tank or other sewage-disposal tank shall be securely covered with concrete, metal, or wood, and shall be provided with adequate means of access.

The depth of the digestion-chamber shall not be less than forty-two inches below the level of liquid outflow. A space of at least twelve inches shall be provided above the level of liquid outflow for scum formation and gas escape.

The inlet and outlet pipes shall be of a size not less than that of the sewer served, and shall be so provided with baffle-plates or with inverted sanitary tee-fittings as to prevent any excess turbulence or disturbance of the scum. The outlet baffle or tee-fitting shall extend not less than six inches above and fifteen inches below the water-line. The inlet tee-fitting or baffle shall extend several inches above and ten to fifteen inches below the water-level in the tank. The level of the outlet shall be two to four inches below that of the inlet.

6. *Dosing-chambers.*—Any septic tank or other sewage-disposal tank of more than four hundred gallons capacity and discharging into a sub-surface tile disposal-field or sand filter shall be provided with a dosing-chamber of liquid capacity of at least one-tenth that of the treatment-tank.

7. *Dosing-siphons.*—Dosing-chambers shall be provided with siphons or other discharging devices, and shall be automatic unless other means are provided for their proper operation. Such siphons or other discharging devices shall be made of corrosion-resistant material.

8. *Storm Water.*—Surface or storm water shall not be drained into any private sanitary sewage-disposal system.

9. *Capacity of Tile Disposal-field.*—In assessing the capacity of any private sub-surface irrigation-field for sewage, consideration shall be given to the character of the soil and the capacity of the dosing-chamber.

The length of open-joint tiling shall be not less than sixty lineal feet per dwelling in porous soils, and shall be increased in proportion to the number of bedrooms in excess of two and not more than five at the minimum rate of eighteen lineal feet per bedroom.

For schools and similar establishments whose daily requirements are of limited duration, the length of open-joint tiling shall be not less than two hundred and sixty lineal feet.

The volume of the disposal-tile and feeder-pipes shall in no case be less than one hundred and twenty per cent of the discharge volume of the dosing-chamber.

10. *Tile Disposal-field in Impervious Soil.*—No sub-surface sewage irrigation-field shall be constructed in clay or other heavy or impervious soil unless porous filtration media and adequate drainage are provided by removing such impervious soil and replacing it with porous filtering material, such as coarse sand, gravel, cinders, or broken stone to a depth below the bottom of the disposal-tile of not less than eighteen inches and preferably not less than twenty-four inches.

11. *Size of Open-joint Tile and Method of Laying.*—Ordinary field drainage-tile of a size not less than four inches shall be used. They shall be laid on a firm base of broken stone, gravel, or on tile supports, and shall have a depth of cover not less than twelve inches nor greater than twenty-four inches. Open joints of one-eighth to three-eighths of an inch shall be left between tiles, and the upper half of such joints shall be covered by tarred paper, broken tile, or other approved protection. The tile-trench shall be back-filled with coarse sand, gravel, cinders, or broken stone of particle size not greater than one-half inch in any dimension, to a depth of six inches over the top and around the sides of the tile wherever the soil is less porous than coarse sand or gravel. Tiling shall not be laid under any roadway or traffic-way.

12. *Grade of Tiling.*—The open-joint tiling shall be laid at a small uniform down grade not exceeding two inches per hundred feet.

13. *Lateral Branches of Tiling.*—Lateral branches of open-joint tiling shall be not less than three feet apart, and shall be connected to the liquid-effluent pipe or to a header by sewer-pipe branch fittings. Header-pipes shall be of a quality equal to that required for house sewer-pipes.

"TOWN PLANNING ACT"

PURSUANT to the provisions of section 61 of the "Town Planning Act," being chapter 339 of the "Revised Statutes of British Columbia, 1948," as amended, His Honour the Lieutenant-Governor has been pleased to make the following regulations:—

PRINCE GEORGE DISTRICT REGULATED AREA
REGULATIONS

1. The regulations approved under date of June 28th, 1949, and applying to the Prince George District Regulated Area defined as follows, are repealed: Commencing at the south-east corner of Lot 913, Cariboo Land District, being a point on the right bank of Fraser River; thence westerly along the southerly boundary of Lot 913 to the easterly boundary of Lot 8180; thence southerly and westerly along the boundaries of Lot 8180, and continuing westerly along the southerly boundaries of Lots 8179, 8178, and 8177 to the south-west corner of Lot 8177; thence northerly along the westerly boundaries of Lots 8177, 8174, 8171, 8169, 936, 937, and 938 to the north-west corner of Lot 938; thence easterly along the northerly boundary of Lot 938—all the lots herein above mentioned being in Cariboo Land District—to the right bank of Nechako River; thence southerly and easterly along said right bank to the westerly boundary of the City Municipality of Prince George as defined in chapter 29 of the "Statutes of British Columbia, 1915," and The British Columbia Gazette under date of June 17th, 1915; thence southerly and easterly along the westerly and southerly boundaries of said city to the right bank of Fraser River; thence south-westerly along the right bank of Fraser River to the point of commencement. The following regulations are substituted therefor:—

2. The area defined in Regulation 1 is hereinafter called the "area" and shall be known as the "Prince George District Regulated Area."

3. There shall be an Inspector for the area appointed by the Minister of Municipal Affairs.

4. The Inspector shall enforce the provisions of these regulations.

5. Nothing in these regulations shall require the removal, alteration, or abandonment of, nor prevent continuance of, the use or occupancy of a building existing on June 28th, 1949, unless in the opinion of the Inspector the building or its use constitutes a hazard to the safety of the public, or to the owners of adjacent property, or in the opinion of the Medical Health Officer the building or its use constitutes a menace to public health.

6. No land shall be resubdivided unless the resultant lots are at least fifty feet in width and at least one hundred and twenty feet in depth.

7. The approving officer, as defined in the "Land Registry Act," shall not approve of a plan of subdivision that does not conform to the requirements of Regulations 8 and 9 hereof without the written consent of the Inspector, except where

provision for the relaxation of said regulations is made herein.

8. No land shall be subdivided into lots or parcels for building purposes unless:—

- (a) A method of sewage-disposal satisfactory to the Medical Health Officer is possible for each lot:
- (b) Each lot in a residence district is at least six thousand square feet in area and, in addition, is at least fifty feet in width and at least one hundred feet in depth, and in a commercial or industrial district is at least thirty feet in width and at least one hundred feet in depth. Where the area which it is proposed to subdivide is of such a shape, or the design of an adjoining subdivision is such, that in his opinion a variation from such measurements is justified, the approving officer may approve a plan showing such variation:
- (c) Each lot or parcel resulting from the subdivision abuts on a public highway along one full side of said lot:
- (d) The approving officer is satisfied that the subdivision design is suited to the configuration of the land in and about the area which it is proposed to subdivide and to the road plan of adjoining subdivisions:
- (e) All road allowances in the subdivision that, in the opinion of the approving officer, form a part or extension of the major road system are planned to permit a finished grade not exceeding seven per cent, and all other road allowances in the subdivision are planned to permit a finished grade not exceeding twelve per cent:
- (f) Any road allowance in the subdivision that in the opinion of the approving officer forms or is likely to form a part or extension of:—

(i) A major traffic road, is at least eighty feet wide:

(ii) A secondary traffic road, is at least sixty-six feet wide; and all other road allowances in the subdivision are at least fifty feet wide. Such minimum widths shall be increased where so required by the approving officer.

Where a proposed subdivision abuts on an existing road, half of the difference between the existing width and the required width, for the class of road as above detailed, shall be provided by land taken from the subdivision; provided that where highway plans or other conditions require a greater width, as indicated by the approving officer, provision for such width shall be made in a similar manner:

- (g) All road allowances are graded and gravelled and all appurtenant works done as required by the approving officer:
- (h) All structures of any kind, including fences, are removed from the road allowances:
- (i) The land is not swamp land and is not subject to intermittent or periodic flooding other than irrigation flooding.

9. The subdivision of land in Rural class districts into parcels of less than two acres shall not be approved except on the recommendation in writing of the Board of Appeal.

10. (1) Except as provided in subsection (2), no person shall commence the erection of, or an alteration or addition to, or a repair affecting the structural stability of a fence over six feet in height, or a building, or a structure, or the installation of plumbing in any building or structure, in the area without first obtaining a permit in respect thereof from the Inspector.

(2) Where work, commenced before the date of these regulations on a building which does not conform to these regulations or which is intended for a non-conforming use, has been discontinued, such work may be resumed within six months of such date. Sufficient progress in the work shall then be made to the satisfaction of the Inspector, otherwise any further construction or use shall be in conformity with these regulations.

11. No person shall move a building or structure, other than small accessory buildings, within or to any part of the area without first obtaining a permit in respect thereof from the Inspector.

12. (1) Before considering an application for a permit, the Inspector shall require the applicant to furnish evidence of compliance with Regulation 8 (g) hereof, in addition to such plans, specifications, and other information as he thinks proper.

(2) The application for a permit, together with such plans and other information as the Inspector requires, shall be examined by him, and if it appears to him that such plans and other information are in conformity with the requirements of these regulations and all other laws applicable thereto, the Inspector shall issue the building permit upon receipt of the required permit fee, and not otherwise, except as provided in Regulation 38 hereof.

13. Except as provided in Regulation 38 hereof, the Inspector shall not issue a permit for any building unless it complies with the requirements of the following clauses:—

(a) Any building intended for animal or human habitation or as a place where people may congregate, such as a community hall, dance-hall, or similar use, or as a food-catering establishment, shall have provision made for sewage-disposal satisfactory to the Medical Health Officer, and the water-supply shall be satisfactory to the Medical Health Officer:

(b) There shall be at least six thousand square feet of area and at least fifty feet of frontage in a registered parcel of land for any and every dwelling erected thereon, except where subdivision into parcels of less area or width has been made and registered prior to June 28th, 1949; and where two or more dwellings are erected on a parcel of land exceeding twelve thousand square feet in area, they shall be located as if each were on a separate lot erected by resubdivision of said parcel in conformity with the requirements of these regulations:

(c) Structural details shall comply with the National Building Code of the National Research Council of Canada, except as otherwise required herein; plumbing installations shall comply with Sections K.1.1. to K.6.4.2., inclusive, of Appendix K of said National Building Code; and sewage-disposal systems and septic tanks shall comply with the requirements of Schedule A hereof:

(d) Any building intended for human habitation as a single-family dwelling shall have a floor area of not less than five hundred square feet; any building intended for human habitation as a two-family dwelling shall have a floor area of not less than eight hundred square feet; living-quarters above stores or in multiple dwellings shall have a floor area of not less than four hundred square feet per housekeeping unit:

(e) The window area in any room intended for use for human habitation shall be at least one-tenth the floor area:

(f) Where adequate sewage-disposal and sufficient water facilities are available, every building intended to be used for human habitation shall be provided with at least one sink and one toilet and one bath-tub or shower properly connected to the approved sewage-disposal system:

(g) Where land is occupied or is to be occupied by more than three dwellings per acre or by more than three families per acre, if a sufficient water-supply is available, flush-toilets draining into septic tanks or otherwise satisfactory to the Medical Health Officer shall be provided:

(h) Where privies are permitted, they shall conform to the requirements of section 16 (f) of the Regulations for the Sanitary Control of Industrial Camps:

- (i) No open-joint tiling in a sewage-disposal field and no building, other than accessory buildings which the Medical Health Officer considers not likely to cause pollution of water, shall be erected within a less distance than fifty feet from the normal high-water line of any lake, the waters of which are used for swimming or drinking by human beings; nor from any stream draining into such a lake; provided that the prohibition in case of any said stream may be waived at the discretion of the Medical Health Officer.
14. (1) Tourist camps conforming with the regulations made under the "Tourist Accommodation Regulation Act" shall be exempted from the requirements of Regulation 13 hereof.
- (2) Tourist camps shall be located only on sites approved by the Board of Appeal.
- (3) Tourist camps shall not be occupied by other than transient guests or bona fide tourists without the consent of the Board of Appeal.
- (4) Any installation, erection, or use of electrical equipment shall be subject to the regulations of the "Electrical Energy Inspection Act."
- (5) All structures shall conform with the provisions of the "Fire Marshal Act," and with any regulations pursuant thereto.
- (6) No building shall be used for a purpose other than that for which a permit was issued, except with the written permission of the Inspector.
15. (1) The Inspector may withhold a permit for, or order the removal of, any building, structure, or fence, the existence of which is in his opinion contrary to public interest. The Inspector in his order for removal shall name a time by which such building, structure, or fence shall be removed, and give the reasons for requiring such removal.
- (2) The Inspector shall not issue a permit for any work on a building constructed or to be constructed on or moved to a parcel of land smaller than is required by the provisions of these regulations unless said parcel was on record before June 28th, 1949, or is a part of a subdivision plan regularly approved by the approving officer.
16. If a permittee has not commenced to exercise his rights under the permit within six months from date of issue, the permit shall expire.
17. Where a person obtains a permit, he shall carry out the construction in accordance with the terms on which the permit is based, and not otherwise.
18. The Inspector shall have power to enter upon and inspect any building in course of construction in the area.
19. If any person is erecting a fence over six feet in height, or a building or a structure, without a permit, or that is not in accordance with the plans and specifications on which the permit is based, the Inspector may:—
- Order that person to cease building; or
 - Order that person to conform to the plans and specifications; or
 - Order that person to remove the building, structure, or fence within a time-limit to be stated in the order.
20. Where the Inspector finds a building, structure, or fence to be:—
- In a dangerous condition, he may order the owner to make such repairs or reconstruction as he considers necessary to put said building, structure, or fence into a safe condition. If, in the opinion of the Building Inspector, the existing building cannot be satisfactorily repaired, or if the owner refuses or neglects to carry out the repairs or reconstruction ordered by the Inspector, the Inspector may order the building to be demolished by a date specified in the order:
 - Not in conformity with the requirements specified in Regulation 10 hereof for new buildings, he may, subject to the approval of the Board of Appeal, order the owner to make such alterations or additions or do anything that may be necessary to bring said building, structure, or fence into con-

formity with these regulations by a date to be specified in the order.

21. Every person to whom an order is directed pursuant to these regulations shall obey the order.

22. The area is divided into districts of the following classes:—

- "Rural," shown uncoloured within the boundaries of the area bordered red on a plan bearing the words "This is the plan referred to in Regulation 22, clause (a), of the regulations applying to the Prince George District Regulated Area," and signed by the Minister of Municipal Affairs, and deposited in the Department of Municipal Affairs:
 - "Residential," coloured yellow on said plan:
 - "Commercial," coloured purple on said plan:
 - "Industrial," coloured grey on said plan.
23. In a Rural class district:—
- No person shall use land or buildings for purposes other than:—
 - Agricultural uses, which shall include horticultural and associated uses:
 - Residence uses as permitted in Regulation 24 hereof:
 - Small industries for the primary utilization of natural products:
 - Other uses deemed by the Board of Appeal to be rural in nature, but not retail stores and similar commercial uses, or factories.
- (2) Subdivision plans showing lots of less than two acres shall not be approved without the consent of the Board of Appeal.
24. In a Residential class district:—
- No person shall use land or buildings for uses other than:—
 - Single-family, two-family, or multiple dwellings, churches, schools, community halls, non-commercial greenhouses, and other uses deemed by the Board of Appeal to come within the meaning of "customary residential uses":
 - Uses permitted in Regulation 23, subsection (1), clauses (a) and (d), except that the keeping of animals or fowl for breeding or commercial purposes is permitted only with the approval of the Board of Appeal; provided that where any rural use creates or is likely to create a public nuisance, the Medical Health Officer may order its discontinuance:
 - Accessory buildings located in a rear yard and uses customarily incident to the above uses; provided that a building to shelter domestic animals must be situated not less than one hundred feet from any well, spring, or creek, and as far from a dwelling on the same lot and the nearest dwelling on any adjacent lot as the shape and size of the lot on which it is situated permits.
 - No person shall erect or place a building on a site unless there is compliance with the following conditions:—
 - The height of a building shall not exceed twenty-five feet or two and a half stories:
 - No building-site shall be occupied by buildings to more than thirty-three per cent of its area:
 - A building to be used for human habitation shall have a floor area of at least five hundred square feet:
 - A rear yard shall be provided of not less than twenty-five per cent of the lot-depth, and it shall in no case be less than twenty-five feet in depth:
 - Two side yards shall be provided, each of which shall be not less in width than ten per cent of the width of the site, or five feet, whichever is greater; provided that no side yard need exceed ten feet in width; and further provided that where a building is not served by a side or rear lane, one side yard shall be at least ten feet in width and unobstructed and open to the sky:
 - On a corner lot at the rear of which are lots fronting on the flanking street, the yard paralleling and adjacent to the flanking street shall be not less than twenty-five feet

wide and shall extend the full depth of the lot, unless otherwise permitted by the Board of Appeal with the consent of the Minister of Public Works, in which case it shall be not less than twelve and a half feet wide:

- (g) A front yard shall be provided not less than twenty-five feet in depth.

25. In a Commercial class district:—

(1) Land and buildings may be used for the purposes permitted in Rural and Residential class districts, and which conform to the height, yard, and area requirements of Regulation 24, or for retail stores and similar commercial uses, offices, and service-stations, but not for industrial establishments employing more than six permanent employees, or other uses not deemed by the Board of Appeal to come within the meaning of the term "commercial uses."

(2) Where a building hereafter is erected or converted for retail or other commercial or business purposes where there is no public lane giving access to the rear of the building, provision shall be made for such access by means of a yard so that loading and unloading operations shall be conducted off the public highway.

(3) The height of any building hereafter erected shall be not more than twenty-five feet.

(4) For the purpose of Regulation 26 hereof, in the case of a building to be erected on a corner lot, other than one permitted in Regulations 23 and 24 hereof, each wall facing a street shall be deemed a main front wall.

26. In an Industrial class district, any lawful use of land and buildings is permitted; provided, however, that any buildings used for human habitation shall conform to Regulations 13 and 24 hereof, and further provided that no building and no land shall be used for any business or industry which is obnoxious by reason of the emission of smoke, gas, fumes, noise, or odour.

27. (1) No person shall erect a building on a lot so that any main front wall, other than projecting steps, will be nearer to the street in front than twenty-five feet, unless otherwise permitted by the Board of Appeal with the consent of the Minister of Public Works.

(2) Side yards shall be unoccupied and unobstructed by buildings.

28. The height limitations contained herein shall not apply to windmills, silos, grain-elevators, and similar structures, nor shall they apply to chimneys, towers, and spires, occupying less than seven per cent of the site area.

29. (1) Notwithstanding the provisions of Regulations 22, 23, 24, 25, and 26 hereof, a tourist camp may be established in any district subject to the approval of the Board of Appeal, but no part shall be used as a permanent residence unless it complies with the height, yard, and area requirements of Regulation 23 hereof.

(2) The Board of Appeal may permit the erection of an outdoor theatre in any district except residential; provided, however, that the said Board may impose such requirements as it thinks fit as a condition of such permission.

(3) No soil or gravel shall be removed from, or garbage or industrial waste deposited on, any lands in the area without the consent of the Board of Appeal, which may state the terms and conditions on which the consent is granted.

30. (1) Any use of land or buildings contrary to the provisions of Regulations 22 to 29, inclusive, but which existed prior to June 28th, 1949, may be continued, unless in the opinion of the Medical Health Officer and the Inspector such continuance is prejudicial to public health or interest.

(2) No non-conforming use which has been discontinued for ninety days shall be renewed.

(3) The lawful use of a building existing on June 28th, 1949, although such use does not conform to the provisions of Regulations 22 to 29, inclusive, may be extended throughout the building, but no structural alterations shall be made nor shall the non-conforming use be carried beyond the limits of the existing building.

31. If the Inspector is notified by the Medical Health Officer having jurisdiction in the area that

any building is dangerous to health, the Inspector shall so notify the owner of the land, and may either:—

- (a) Require the owner to put the building in a safe condition within the period of time limited in the order; or
(b) Require the owner or occupant of the building to vacate it within thirty days from the date of the order, and he may also order the owner to demolish the building within a time limited in the order.

Appeal

32. (1) Except in the case of subdivision requirements in respect of which provision for appeal is made in the "Land Registry Act," any person who considers that any refusal to grant him a permit, or any order issued to him under these regulations, will cause him undue hardship shall have a right of appeal by way of a hearing before the Board of Appeal.

(2) Any person exercising the right of appeal shall file with the secretary of the Board of Appeal within ten days of the giving of any decision under the foregoing regulations a written notice of appeal therefrom, which shall state clearly the grounds upon which the appeal is made. The appellant shall therein give an address to which all notices may be mailed.

(3) The secretary shall notify the chairman of the Board of Appeal of said notice of appeal, and the said chairman shall set a date for the hearing of the appeal, which shall be within ten days of the filing of the notice of appeal. Four days' notice of the said hearing shall be mailed by the secretary, by registered mail, to the appellant, posted to the address given in said notice of appeal, and to such other persons as may be designated by said chairman.

33. (1) The Board of Appeal shall consist of three members, one of whom shall be the Government Agent at Prince George, who shall act as chairman, and the other two members shall be resident registered land-owners in the area and shall be appointed by the Minister of Municipal Affairs.

(2) Two members shall constitute a quorum.

(3) If a member of the Board dies, resigns, or is removed from office, the Minister of Municipal Affairs shall appoint a member to serve for the unexpired portion of the term of the former member, and until such appointment the remaining members shall constitute the Board.

34. The Board of Appeal may hear witnesses and take any other steps it may consider necessary to ensure a proper consideration.

35. The chairman of the Board of Appeal shall have authority to administer oaths to the witnesses on the appeal.

36. In disposing of appeals, the Board of Appeal may make such relaxations of these regulations, or of any order issued pursuant to these regulations, as the Board of Appeal considers necessary to ensure substantial justice, except that a change of classification of any district or part thereof, or a change of the uses permitted in a district, may be made only by the Minister of Municipal Affairs on the recommendation of the Board of Appeal.

37. The decision in writing of a majority of the members of the Board of Appeal attending a regularly called meeting shall be the decision of the Board, and the Board shall not be required to readjudicate the same appeal on the same set of facts.

38. Where the decision of the Board of Appeal relaxes any of the regulations herein, it shall be competent for the Inspector to issue a permit or an order conforming to said decision.

39. The Inspector shall act as secretary to the Board of Appeal, and shall keep a record of proceedings of all meetings of said Board. He shall forward a copy of the decision of the Board in respect to any appeal to the appellant concerned.

Penalty

40. Any person failing to carry out any provisions of an order issued pursuant to these regulations shall be guilty of an offence, and shall be

liable, on summary conviction, to a penalty not exceeding one hundred dollars for each ten days or part thereof such violation continues.

SCHEDULE A

1. *General.*—Whenever a street or common sewer is not available, any sanitary house sewer shall be connected to a private sewage-disposal system. Such system shall consist of a septic tank with a tile disposal-field or other approved means of disposal.

2. *Location.*—Any septic or other sewage-disposal tank shall be located outside and be separated from any wall of a dwelling-house. Any disposal field or area shall be located as far as practicable from any dwelling, and in no case shall disposal-tiles be nearer at any point than ten feet to any dwelling. No sewage-disposal system shall be so located that it is liable to contaminate any existing domestic water-supply, nor shall it be located under any roadway or traffic-way.

3. *Materials.*—The walls and floors of any septic tank or other sewage-disposal tank shall be of substantial water-tight construction.

4. *Capacity.*—No septic tank or other sewage-disposal tank shall have a capacity, below the invert of the outlet-pipe, of less than four hundred gallons, and shall be constructed according to plans and specifications to be seen in or obtained from the office of the Inspector, or shall be constructed according to other specifications submitted to and approved by the Inspector.

Adequate provision shall be made for any condition that may result in a flow of sewage greater than four hundred gallons per day in any dwelling or fifteen gallons per person per day in any school or similar establishment. When computations or assumptions are made as to the expected flow of sewage, the septic tank shall be sufficiently large to allow a detention period of twenty-four hours, and shall contain in addition a reasonable space for sludge storage.

5. *Design.*—The digestion or treatment and dosing chambers of any septic tank or other sewage-disposal tank shall be securely covered with concrete, metal, or wood, and shall be provided with adequate means of access.

The depth of the digestion-chamber shall not be less than forty-two inches below the level of liquid outflow. A space of at least twelve inches shall be provided above the level of liquid outflow for scum formation and gas escape.

The inlet and outlet pipes shall be of a size not less than that of the sewer served, and shall be so provided with baffle-plates or with inverted sanitary tee-fittings as to prevent any excess turbulence or disturbance of the scum. The outlet baffle or tee-fitting shall extend not less than six inches above and fifteen inches below the water-line. The inlet tee-fitting or baffle shall extend several inches above and ten to fifteen inches below the water-level in the tank. The level of the outlet shall be two to four inches below that of the inlet.

6. *Dosing-chambers.*—Any septic tank or other sewage-disposal tank of more than four hundred gallons capacity and discharging into a sub-surface tile disposal-field or sand filter shall be provided with a dosing-chamber of liquid capacity of at least one-tenth that of the treatment-tank.

7. *Dosing-siphons.*—Dosing-chambers shall be provided with siphons or other discharging devices, and shall be automatic unless other means are provided for their proper operation. Such siphons or other discharging devices shall be made of corrosion-resistant material.

8. *Storm Water.*—Surface or storm water shall not be drained into any private sanitary sewage-disposal system.

9. *Capacity of Tile Disposal-field.*—In assessing the capacity of any private sub-surface irrigation-field for sewage, consideration shall be given to the character of the soil and the capacity of the dosing-chamber.

The length of open-joint tiling shall be not less than sixty lineal feet per dwelling in porous soils, and shall be increased in proportion to the number of bedrooms in excess of two and not more than five at the minimum rate of eighteen lineal feet per bedroom.

For schools and similar establishments whose daily requirements are of limited duration, the length of open-joint tiling shall be not less than two hundred and sixty lineal feet.

The volume of the disposal-tile and feeder-pipes shall in no case be less than one hundred and twenty per cent of the discharge volume of the dosing-chamber.

10. *Tile Disposal-field in Impervious Soil.*—No sub-surface sewage irrigation-field shall be constructed in clay or other heavy or impervious soil unless porous filtration media and adequate drainage are provided by removing such impervious soil and replacing it with porous filtering material, such as coarse sand, gravel, cinders, or broken stone to a depth below the bottom of the disposal-tile of not less than eighteen inches and preferably not less than twenty-four inches.

11. *Size of Open-joint Tile and Method of Laying.*—Ordinary field drainage-tile of a size not less than four inches shall be used. They shall be laid on a firm base of broken stone, gravel, or on tile supports, and shall have a depth of cover not less than twelve inches nor greater than

twenty-four inches. Open joints of one-eighth to three-eighths of an inch shall be left between tiles, and the upper half of such joints shall be covered by tarred paper, broken tile, or other approved protection. The tile-trench shall be back-filled with coarse sand, gravel, cinders, or broken stone of particle size not greater than one-half inch in any dimension, to a depth of six inches over the top and around the sides of the tile wherever the soil is less porous than coarse sand or gravel. Tiling shall not be laid under any roadway or traffic-way.

12. *Grade of Tiling.*—The open-joint tiling shall be laid at a small uniform down grade not exceeding two inches per hundred feet.

13. *Lateral Branches of Tiling.*—Lateral branches of open-joint tiling shall be not less than three feet apart, and shall be connected to the liquid-effluent pipe or to a header by sewer-pipe branch fittings. Header-pipes shall be of a quality equal to that required for house sewer-pipes.
